

Golf FORE Fun

2018 Adult and Junior Golf Instruction

Adult Instruction: To play well and really enjoy yourself on the course, you must be able to predict the outcome of your swing. Of course, you must have sound basics: Grip, Aim, Stance, and Posture, but beyond these key ingredients, you must understand how the club and ball work in order to be successful. Our approach to teaching golf is to help you “see” the club and ball interaction so that you can actually influence it. We will help you develop a way to play your best game, not just show you our way and force you to conform to it. You’ll find out that golf really can be fun!

Our innovative concepts are designed to create a concrete understanding that results in virtually immediate swing improvement.

Our subtle teaching style will allow you to simply apply the club to the ball differently using your new understanding about what has to happen through impact. You’ll be amazed when you see how applying these concepts will not only enable you to create the desired ball flight, but you’ll be better prepared to deal with problems in your game when they arise!

Private Lessons are custom tailored to each individual. During the instruction process we will evaluate your technique and give you the understanding, the visualization, and the feel you need to truly know “your own” golf swing. Not only will you know what “to” do to cause the desired ball flight, you’ll know what you tend to do when you go wrong and then be able to fix problems quickly on the course.

Public Group Lessons are perfect if you are interested in learning the game with friends, family or other golfers. Group lessons at Garrisons Lake are designed to cover all areas of the game. The classes and clinics are arranged in small groups of all ages and abilities to facilitate a conducive learning environment.

Private Group Lessons & Corporate Clinics can be customized to the needs of any group or organization. Single- day or multi-day programs are available. The level and depth of instruction can be tailored to fit any goal. Garrisons Lake Golf Club’s instruction programs range from basic classes covering topics such as: general rules presentations, etiquette classes, putting clinics, short game clinics, bunker shots, to in-depth full swing programs. Regardless of the season, we can provide your organization with the instruction, clinics, contests, games or teambuilding exercises that will suit perfectly your group’s needs. Create your own personalized program customized to your needs. Call us at 302-659-1206 to find out more.

U.S. Kids Junior Golf Program at GLGC

JUNIOR PROGRAM

Garrisons Lake Golf Club is excited to offer the U.S. Kids Golf Program. The golf learning program mixes both child friendly instruction and play on the golf course. By combining these two elements in a structured curriculum, kids learn golf effectively and have fun at the same time

The U.S. Kids Golf Program is based on skill levels and measureable progress. We start with level 1 and the student will advance when he or she can successfully perform the required skills for that level. Each level includes professional instruction and measurable performance tasks in the following core areas of golf: Putting, Short game, Full swing, Etiquette, Rules of golf.

This structured and measureable program allows coaches, parents and students to understand the information and work together to master the skills. The different skill levels increase as the ability of the junior golfer increases. In addition to weekly professional group instruction, each level has detailed booklets containing and outlining the skills to be learned at each level in the series.

Every aspect of the game is covered in all classes and each provides the following:

- Structured learning programs with specific goals and incentives where progress is measured, rewarded and communicated.
- The player, coaches and parents will work together learning from the same point of reference.
- Game based learning is both fun and effective.
- On course learning. Play on a scaled golf course is an integral part of the learning experience.

WE ARE OFFERING THE FOLLOWING LESSON PACKAGES FOR AGES 5-8, 9-12, & 13+

12 CLASSES FOR \$200.00

8 CLASSES FOR \$140.00

4 CLASSES FOR \$75.00

Register today at <https://uskidsjrgolf.golfgenius.com/register>

After registration and the purchase of a class program you will be invited to access the calendar page of our U.S. Kids Junior Golf at GLGC website portal where you can pick and choose the classes (based on age and level) from the calendar that fit your families own availability and schedule. Signups for the classes must be done by 12:00pm (Noon) Friday of the week that you plan on attending.

If you have any questions, please email info@garrisonslakegolf.com or call 302-659-1206.
